

Young Adult Ministry is a challenge; however, we can help. We are here to help serve and assist your vision in reaching young adults. If you are a district, state, church or ministry leader, one way we can help is by bringing a customized training event to you.

Here's how it works...

First, look over the 'Potential Host Information' below and then contact us to discuss how we can best serve you.

Contact us at 417-862-2781 ext. 4127 or youngadults@ag.org

We will discuss your vision and then tailor the event to your specific needs.

We arrive with proven young adult ministry resources in hand. We teach, network, encourage, and leave leaders with innovative tools to help reach young adults.

Developing Ministry to Young Adults

Host Church/District Cost: \$1500

- We will work with the host to customize the itinerary for your regions specific needs.
